Laura was born and raised in the island of enchantment, Puerto Rico. When she was 17 years old, she move to the Huoston Area. She enjoys linving there even though she is not used to the bipo-lar Texan weather. Texan sunsets are her favorite thing living in the Hous-ton Area. Moreover, Texan barbecue is the best barbecue she ever tasted. Let’s not frget about the Houston Rodeo, the biggest one in the whole nation. Laura likes to go to the rodeo for the concerts and the fried oreos.

Data Development

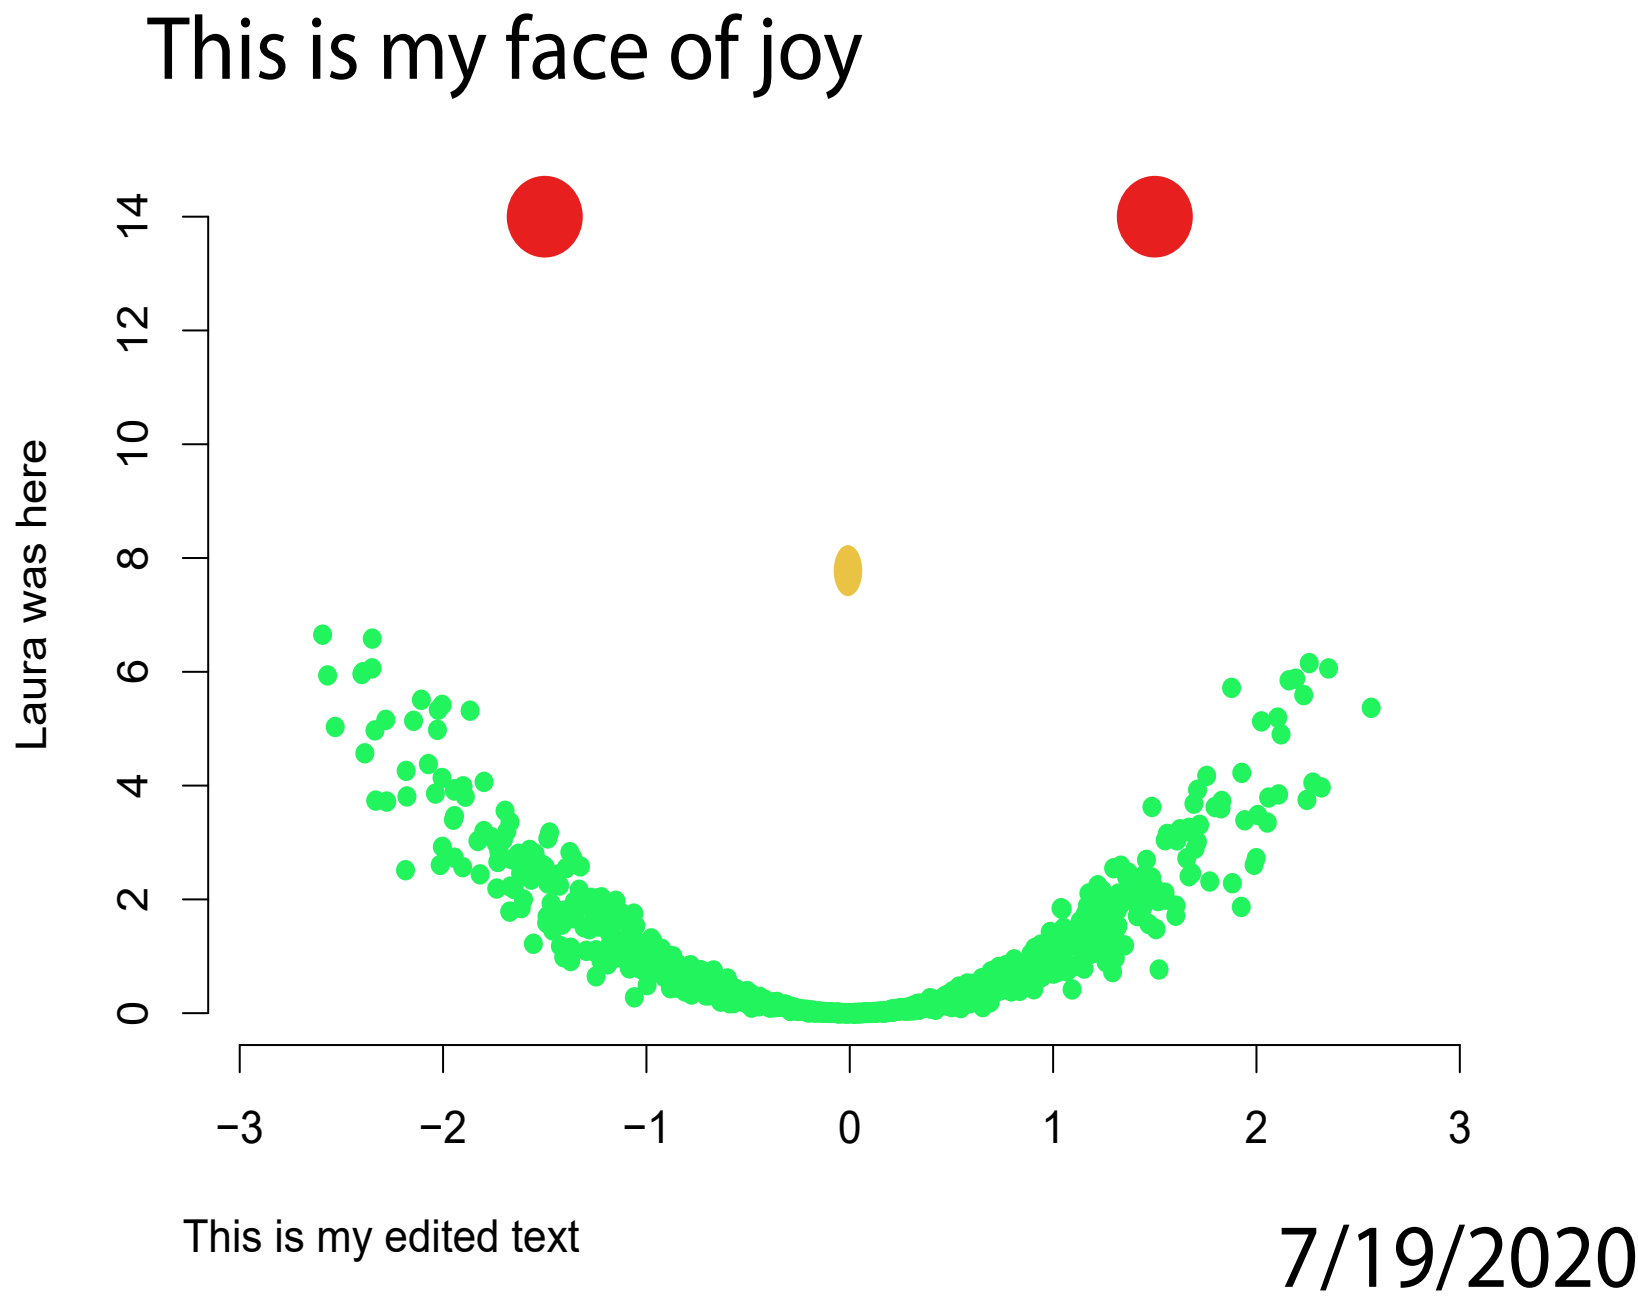

The plots and the data used for this poster are from the past lab (Lab 3). I took th7/19/2020This is my face of joyLaura was hereThis is my edited text141210864203210–1–2–3e pie chart and the happy face plot, and I labeled them Plot 1 and Plot 2. The next paragraph I found in the world wide web.

It's funny how a hello is always accompanied with a goodbye. It's funny how good memories can make you cry, it's funny how forev-er never seems to last, it's funny how much you would lose if you forgot about your past, it's funny how friends can just leave when you're down, it's funny how when you need someone they never are around, it's funny how people change and think they're so much better, it's funny how some many lies are packed into one love letter, it's funny how one night can hold so much regret, it's funny how you can forgive but not forget, it's funny how ironic life turns out to be, but the funniest part of all, is that none of that is funny to me.
